Your Role is to INVITE & LAUNCH CALLS

BE BRIEF. BE IN A HURRY. NO SMALL TALK. GET A COMMITMENT!

What to say to Friends and Family:

Hey, what are you doing (date/time)? Listen, I found a way for us to make some serious money! There is a call that explains the details. If I give you the number, will you dial in?" (Modify to fit the exposure method your team uses).

What to say as a Professional to a Professional:

"Mr./Mrs._____ what are you doing (date/time)? I'm working on a business project and I'm looking for a few sharp people to partner with. You've always been good at (insert compliment). Are you open to taking a peek at another income stream outside of what you are doing now? (If yes, plug them into exposure method you use.)

What to say to people you look up to:

Listen, I know how successful you have been in business, and what I am doing probably isn't for you, but who do you know who may be looking for a strong business they could run from home?

What to say if they aren't interested:

"That's fine. I respect that. Maybe you can point me in the right direction, Who do you know that might be looking to diversify their income?" OR "Would you be willing to review the info to see if anyone comes to mind."

What to say if they can't make it or missed the call:

"Sorry you missed it! It was fantastic! If I send you the replay link, would you check it out?"

Handling Objections:

I'm Busy - "I understand you are busy, and that is why I think you will see the value in this opportunity. When can we carve out a few minutes for you to take a peek at some info?"

I'm Broke - "That's no problem I'm not asking you to buy anything! I just need you to review the info and we can go from there."

What is it? - "If I tried to explain it, I would probably mess it up! I would rather you hear it like I did. So if you could hop on this call/webinar/FB Live and listen in. I know you will love it!"

* Continue to create a list with a minimum of 100 names
